SIR

I have the honor to invite reference to Government Order No. D.5392-3 C.V. 60-32-3 dated 27th April 1933, regarding the re-organization of the Mysore Serum Institute and to state that the posts of six Veterinary Inspectors sanctioned permanently for the Institute require to be added to the cadre of Veterinary Inspectors as the grades of these posts are identical and the present incumbents are all borne on the cadre of Veterinary Department. The post of the Bacteriological Assistant of the scale of the Assistant Superintendent, Civil Veterinary Department in the Serum Institute filled by Mr. P.U. Nair may also be added to the cadre of Assistant Superintendents of the Civil Veterinary Department. This arrangement will allow scope for the incumbents to have their cases considered for promotion in higher grades with reference to their seniority and merit in the Department. It seems necessary for the men working in the Serum Institute to have chances of being placed in charge of the Veterinary Dispensaries and those in the dispensaries to work in the Institute. This will be possible only if all these officers are borne in one cadre. I request you to be so good as to obtain the necessary sanction of Government in the matter.

I have the honor to be,
Sir,
Your most obedient servant,

Leslie C Coleman

Director of Agriculture.
